Dear x,

Please see attached **EU SEE's** annual Country Focus Report on changes to the enabling environment for civil society in **[country]**, that was developed in partnership with us **[insert network member if appropriate]** via the EU SEE consortium.

The report is characterised by... **[insert 100 word summary of the report]**

EU SEE monitors changes across six principles in partnership with experts and local civil society actors, and provides a country score for each in the respective Country Focus Report;

1. Respect and Protection of Fundamental Freedoms

2. Supportive Legal and Regulatory Framework

3. Accessible and Sustainable Resources

4. State Openness and Responsiveness

5. Political Culture and Public Discourses on Civil Society

6. Digital Environment Integrity and Security

If you're interested in alerts and reports on ongoing changes to the enabling environment for civil space in other countries, please **subscribe to EU SEE alerts** and follow the **EU SEE country pages**. You can follow us at **[network member website].**

What is the EU SEE?

EU SEE is the landmark project **funded by the European Union** for monitoring deteriorations and improvements in the environment for civil space across 86 countries in Africa, the Middle East, Asia and the Pacific, the Americas and the Caribbean.

EU SEE has been established in response to the authoritarian pushback of the last decade and the increasing restrictions on the enabling environment for civil society.

EU SEE is coordinated by an international consortium of CSOs, including **Hivos** (lead), **CIVICUS**, **Democracy Reporting International**, the **European Partnership for Democracy**, **Forus**, **Transparency International**, and network members in each country.

EU SEE consists of an Early Warning Mechanism with **subscribable alerts**, yearly snapshots, and an annual country focus report.
